Note—Silver belonging to Government has been valued at its cost price instead of at the fixed rate of Re. 1 per tola of standard silver, but old rupees received for recoinage are still taken at their nominal value. The silver received into the mint for coinage into British dollars intended for circulation in the Far East and into the new dollar adopted as the currency of the Straits Settlements is excluded from this table.

* The acreage of crops given in this table is for British India only, and is compiled from the returns of Agricultural Statistics but the estimated yield includes the crops in certain of the Indian States and is compiled from the Estimates of Area and Yield of Principal crops in India

† The statistics of the production of tea, jute and rubber are for calendar years

‡ Net exports and consumption

§ The forest areas returned in the Agricultural Statistics do not agree in most cases with those stated in the Reports on the Administration of the Forest Department for various reasons the chief amongst which are the following—

(1) the administration reports relate exclusively to forests worked by the Forest Department, while the tables of agricultural statistics include, in addition, forest areas administered by district officers, and (2) certain village and other lands not covered by forest but worked by the Forest Department and returned as forest lands by that Department are not treated as forests in the returns of Agricultural Statistics

(a) Included under other oilseeds (b) Included under fruits and vegetables
